We at NARCHI express our deepest sorrow at the passing of our first President, Dr. Sambhu Nath Mukherjee, a truly uncommon leader whose immeasurable contributions have shaped not only NARCHI but also leaves behind an indelible mark on Indian healthcare. Adding to this deep loss, we are also saddened to learn that his beloved wife passed away just three days before him.

Dr. Mukherjee's distinguished career as Professor and Head of the Department in Obstetrics and Gynaecology at Safdarjung Medical College, Pondicherry Medical College, and Shimla Medical College, as well as his leadership role with the *Directorate General of Health Services (MoHFW)* and the *consultant to World Health Organization*, stands as a testament to his lifelong dedication to the advancement of maternal and child health in India.

**As the founding President of NARCHI**, he laid the foundation for a professional community driven by academic excellence, compassion, and service. His visionary guidance, unwavering commitment to advancement of maternal and child health in India have left a deep-rooted mark for generations of clinicians and researchers to come.

The **NARCHI** family, mourns the loss of a great mentor, an exemplary physician, and a pioneering leader. His legacy will remain a guiding light for our organization and the entire medical fraternity.
